NOTES

	Pellet-fired boilers		Eco-pea coal boilers		Wood-fired boilers		Gas Boilers		Boiler class
	Intended for central heating systems		Intended for underfloor heating systems		Compatible with a hot water tank		On-demand domestic water heating		Eligible for subsidies
	Boiler certificate		Warranty period		ErP Class		Right-hand or left-hand version		Weather-based control
	Hot water tank		Standing tank		Heating element		Round cross-section		Single coil
	Power modulation		Basic LED controller		LCD controller with weekly and weather-based automation		Designed for photovoltaics		Tank capacity
